Pre-Registration Year 2018-19

A highly successful small multiple with community pharmacies across the Midlands and South West

Our pre-registration program has been developed by experienced pharmacists to focus on providing practical, in-depth, flexible learning - helping you prepare for your pre-registration examination and your future career in pharmacy.

As well as a dedicated pre-registration tutor, an in-house team of skilled pharmacists will support you through the GPhC performance standards, including a 2-4 week cross sector placement. You will have the opportunity to spend time in our other branches enabling you to experience different fields of pharmacy as well as work closely with allied healthcare professionals.

Off site training will further develop your clinical and professional skills. They will also provide an opportunity to liaise with other preregs in an atmosphere that promotes interaction, discussion and reflection.

What you can expect from us:

• In-house & external learning modules to supplement the structured training plan.
• Experienced tutor, pharmacists and support staff.
• Mock exams and sample papers.
• Multiple training locations; Bilston, Halesowen, Worcester, Cheltenham.
• Competitive salary
